INDICATIONS POINT TO A HEAVY VOTE

In Ohio County To-morrow, Largely Owing to the Hot Sheriff-alty Contest.

REPUBLICANS ARE CONFIDENT

That the Majority for McKinley Will Exceed 1,500, and It May Reach 2,000.

On the eve of to-morrow's battle of the ballots, there is every indication that the total vote will be unprecedentedly heavy, largely owing to the hot fight that is being waged for the sheriffship by Dr. Taylor and Mr. Irwin. The Republican leaders are confident that Dr. Taylor will win by a good majority, and it is undoubtedly a fact that there was a material improvement in the situation last week, an improvement of such dimensions that the Irwin people are confessedly becoming weak-kneed, and anticipating their defeat to-morrow. The best opinion is that the Republican candidate will win by a larger majority than that of Campbell Richards four years ago.

The Democrats are centering their fight on two points, the sheriffship and one member of the house of delegates. They hope to elect Charles A. Carenbauer to the legislature, and it is their avowed opinion that the particular Republican candidate they will defeat is Mr. S. G. Smith. Mr. Smith's friends, however, are not at all alarmed, and are confident that he will run along with the other Republican legislative nominees.

Colonization Alleged. Last night it was learned that the Republican committee had been informed that the Democrats were colonizing outside voters in precincts Nos. 1 and 6, of Union district, with the obvious intention of voting them on Tuesday. Chairman Hornish and the other Republican workers are now investigating this matter.

A Democratic claim is being made that the Republicans are colonizing thirty-two colored men in the Second ward, with the intention of voting them to-morrow. Chairman Hornish said last night that there was nothing in the story; he gave a most unequivocal denial, and said that only duly qualified voters would receive the endorsement of the Republican managers in this county. Equally, too, the Republican committee would see to it that the other side does not carry through any shady transactions.

Matter of Majorities. The general opinion among Republicans is that the majority in Ohio county will be nearer 2,000 than 1,500. Four years ago the majority for McKinley here was 1,704; two years ago Dovenor's majority was 1,240. In announcing returns of to-morrow's election from precincts in Ohio county the *Intelligencer* will compare with the vote of 1898, for the reason that in the election of 1898 the present district and precinct lines had not been established. The election of 1898 was the first in which the new district and precinct lines were used. The vote of Ohio county in 1898, therefore, will be of especial interest, and the *Intelligencer* gives below the vote by precincts and districts for congressmen, showing the majority in each precinct as well as the vote for each candidate:

ELECTION BETTING.

From the Better's Point of View It Would Seem That Republican Success Is Well Nigh Certain—The Full and Latest Quotations.

Election betting is not as brisk in Wheeling this fall as it was four years ago, and most of the money that is being wagered is on local contests. More Democratic money has been put up on the belief that Will Irwin will be elected sheriff than on any other candidate. A week ago there was considerable Irwin money to be had at even up, but now they are wanting odds or even money that Taylor will not have 300 or 400 majority. Here are some of the bets that have been made within the past week:

Even money that Taylor will be elected sheriff.
Ten to one that Congressman Dovenor will be re-elected.
Even money that Congressman Dovenor will have 3,000 plurality.
Two to one that A. B. White will be elected governor.
Even money that West Virginia will give McKinley 10,000.
Even money that Ohio county will give McKinley 1,500 plurality.
The Odds Increased.

Pittsburgh and New York brokerage firms have been issuing weekly rate sheets on the election betting, and since a month ago the odds have steadily increased on Republican success. A month ago the odds were two and one-half to one that New York would go for McKinley; a week later the odds advanced to three to one, and now are four and one-half to one. The quotation on West Virginia was special, giving McKinley 5 to 1 a month ago; then it became 10 to 7 on McKinley, and now the prevailing quotation is two to one on McKinley. Illinois opened at two and one-half to one on McKinley, and is now three to one. The even money bet that Pennsylvania would give 200,000 for McKinley has been advanced to 225,000, and New York's 35,000 to 50,000. The first quotation of odds on the general rule was two and one-half to one on McKinley, which advanced to three to one, and is now at four and one-half to one. The following betting quotations are from M. F. Hughes & Co., of Pittsburgh, who will undertake to place wagers at these odds:

THIRTEEN HUNDRED

Republicans Went to Sistersville and Pittsburgh Saturday.

A very large proportion of Wheeling Republicans was an absent quantity Saturday. On the special train on the Pan Handle, leaving at 9 a. m., 753 Wheelingites went to Pittsburgh to participate in the great demonstration in the Smoky City. Most of the excursionists came back early Sunday morning, and the stragglers are coming in on every train. The Elkins Cadets were given the right of line in the big parade, and they and the Rough Rider companies made a pronounced hit. Over 500 went to Sistersville on the Ohio River special leaving at 5 p. m., and took part in the big club demonstration there Saturday night. It was a big affair, and the Wheeling clubs were the big end of it. The boys arrived home on their special at 2 o'clock Sunday morning, but enthusiastically but pleased with their trip.

ELECTION OF DOVENOR

To-morrow is a Matter of the Greatest Importance.

To re-elect Congressman Dovenor is well-nigh a duty of every citizen of Wheeling and the upper Ohio Valley, no matter what may be his political affiliations. It is due to Captain Dovenor that the Wheeling locks and dam are to be built, and his retention in Congress means that the upper Ohio Valley will not be overlooked in future river and harbor bills. A new member for this district would not be placed on the important rivers and harbors committee, and would not be in a position to do one-tenth of what Captain Dovenor has done and will continue to do. Business men generally, without regard to party, will support Captain Dovenor to-morrow.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the cough symptoms appear we have found that the dread croup is cured before it gets settled." There is no danger in giving this remedy, for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by druggists.
